A trash can. But better.

YOUR LOGO GOES HERE
(or wherever you'd like).

Am I Durable?
Absolutely.

And beautifully powder coated, too.
My doors are hinged and spring closed.
I come with rigid liners, sleek curves,
and a 45 gallon capacity per waste stream.
I don't mess around.

I am **100% CUSTOMIZABLE.**

Fonts, colors, logos, sizes.

It's all up to you.

I offer increased capacity,
so I am emptied less often.

Basically, I can store junk in my trunk.

I'm ergonomical and I won't break your back.

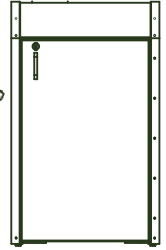

I promise.

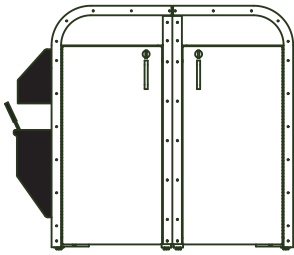

HERE ARE MY STATS

I look good from the side.

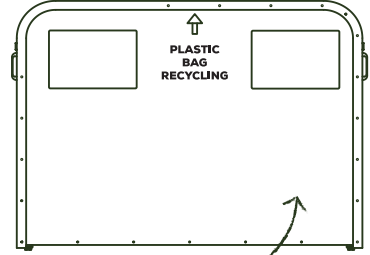

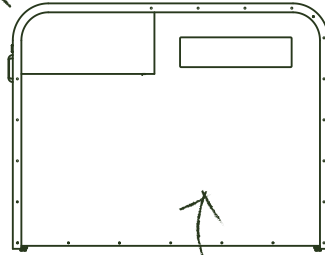

you can do this with my openings.

FUEL

or that.

my possibilities are endless!

You can put graphics on me, too.

MY SHADES

these are standard, but I look good in every color.
